**Note: Return Warranty Request, Inspection Report, drawings, and photographs along with any pertinent project details to STS, Attention: Warranty Department.**

*We understand that the warranty will not be issued or in force until all STS invoices, including applicable warranty fees, have been paid in full and the project has been satisfactorily completed.*

Contractor's Signature \_\_\_\_\_ Date \_\_\_\_\_

STS Coatings, Inc. (STS), hereby warrants that the GreatSeal PE-150 as applied at the referenced project is of good quality when applied in a good and workmanlike manner and in accordance with STS's written instructions. STS will furnish sufficient replacement material to restore the integrity of any PE-150, which is proven defective during the guarantee period of five (5) years, but only if STS is notified in writing of such alleged defect within 30 days of the occurrence, and is afforded the opportunities to inspect the project at such time as STS may reasonably request. Any labor or other costs associated with repairs are the responsibility of the owner. This warranty does not apply and STS makes no warranty and disclaims all liability where any failure results from structural cracks or defects, faulty construction, design, or materials (other than PE-150), misuse of the structure, settlement or expansion of the structure, or accident, fire or other casualty, or other physical damage. STS warranty does not cover damages to its sealants or failure due to disintegration of the substrate, mechanical damage caused by individuals, tools, or other outside agents or any changes in the appearance of the sealant from accumulation of dirt or other contaminants deposited on the sealant from the atmosphere.

Except as provided herein, STS makes no guarantee or warranty, express or implied, including without limitation warranties of fitness for a particular purpose or merchantability with respect to this product and STS shall have no other liability with respect thereto including, without limitation, any liability for indirect, incidental, consequential or resultant damages, and STS further expressly disclaims liability for any damages to the contents of the structure, whether due to breach of warranty or negligence, or whether in contract or in tort. User shall determine the suitability of the product for the intended use and assumes all risks and liability with respect thereto.

This warranty supersedes any other warranties, guarantees or representations, written or oral, heretofore made with respect to PE-150 and will remain in force for a period of five (5) years following the application of PE-150.
