  5 Year  
Field site visits are not required for warranty issuance.

**Disclaimer:** Submission of this form does not constitute approval or acceptance of this project for installation or warranty. Kemper System America, Inc. ("KSA") will issue a warranty only under the terms and conditions described in the Applicator Agreement and the warranty. NO OTHER WARRANTIES ARE MADE OR IMPLIED; ALL IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE EXPRESSLY EXCLUDED. Prior to release of any materials, KSA's Technical Department must review, sign and return copy of this form to the applicator. KSA makes no representation regarding, and assumes no liability for, the adequacy of the design of this building, the sufficiency of the air barrier system or substrate components to accept the Kemper System or any materials not supplied by KSA. Corrections or comments made during this review do not relieve the applicator from compliance with the Applicator Agreement or Applicator's contract with the Owner. The applicator is responsible for confirming and complying with all local building and/or jurisdictional codes, and correlating all materials, quantities, dimensions, application processes, techniques of installation, and performing all work in a safe and satisfactory manner.

# PROJECT REGISTRATION FORM INSTRUCTIONS

Project Registration Form must be used to register all Kemper projects, in accordance with the KSA "POLICY AND PROCEDURES FOR APPLICATIONS."

Please follow the following instructions when using the Project Registration Form:

**Pages 1 & 2 of the Project Registration Form are to be completed and submitted prior to start of the project.**

Fax, or e-mail the completed form to the attention of the KSA Technical Services Department. The project information will be reviewed, any technical corrections made directly on the form, and the form will then be returned.

## **[1] GENERAL PROJECT INFORMATION**

The purpose of this section is to obtain basic information regarding the project. This includes project identification and location, tax exempt status, identification of the building owner and architect/engineer/consultant and type of project.

## **[2] REQUESTED WARRANTY**

The purpose of this section is to identify the warranty coverage that KSA will be expected to provide upon project completion. Not every project qualifies for every warranty type and duration. Special approval by the KSA Technical Services Department is required.

## **[3] SUBSTRATE UNDER WALL GUARDIAN SYSTEM**

The purpose of this section is to identify the main substrate surface to which the Wall Guardian components are to be installed. Wall Guardian components are typically installed directly to the substrate.

## **[4] WALL GUARDIAN COMPONENTS**

The purpose of this section is to identify all of the Wall Guardian system components that are intended for application.

## **[5] APPLICATOR'S PROJECT REGISTRATION CERTIFICATION STATEMENT**

The purpose of this section is to obtain information regarding the Applicator and/or Contractor of Record for the project. The Applicator Firm is the company that will be installing the Wall Guardian System, while the Contractor of Record is the firm whose name may appear on the warranty.

In addition, the Applicator is required to sign this form as a confirmation that the Wall Guardian system installation will be performed in a manner that meets KSA quality standards and follows KSA written specifications.

## **[6] PROJECT APPROVAL**

This section is for the Kemper System America Technical Department use only. The reviewer may provide additional comment/requirement for the application to be eligible for a warranty.
